DEEPAK GUPTA

Frontend Developer — Full Stack Developer — Computer Science Student

✉ divi2749@gmail.com 📍 Greater Noida, India in LinkedIn ⌨ GitHub 🌐 Portfolio 📞 +91 9718598626

PROFESSIONAL SUMMARY

Technical Skills: Frontend Development, Full Stack Development, UI/UX, Data Visualization, Cloud Deployment
Core Competencies: Problem Solving, Agile Development, Team Leadership, Hackathons, Mentorship

▷ Passionate web developer with experience in React, Next.js, Node.js, and 3D visualization (Three.js, R3F)
▷ Participated in 10+ hackathons and mentored/PA at SSOC, SSSC (IGDTUW by TechNeeds)
▷ Strong project leadership and collaboration skills, demonstrated in open-source and team projects

TECHNICAL EXPERTISE

Programming & Languages:
- **Languages:** C/C++, Python, Java, HTML, CSS, JavaScript, TypeScript

Frontend & Backend:
- **Frontend:** React, Next.js, TailwindCSS, Three.js, R3F, Bootstrap
- **Backend:** Node.js, Express.js, MongoDB, MySQL
- **Development:** HTML5, CSS3, Git, Test-Driven Development

Tools & Other:
- **Tools:** Git, GitHub, Figma, Visual Studio, Postman, Deepseek AI
- **Additional:** Cross-Team Communication, Customer Service, Leadership, Conflict Resolution

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — *IndiBus* — Remote   Jan 2025 – Feb 2025
▷ Developed and maintained responsive user interfaces using React and TailwindCSS
▷ Collaborated with backend teams to integrate REST APIs and optimize user experience
▷ Enhanced website performance and accessibility for a diverse user base

Mentor Project Admin — *SSOC* — Remote   May 2025 – Aug 2025
▷ Mentored and guided contributors, reviewed PRs, and managed open-source projects
▷ Led project planning, issue triaging, and technical documentation

Mentor — *SSSC (IGDTUW by TechNeeds)* — Remote   Jun 2025 – Aug 2025
▷ Provided mentorship to students and contributors in open-source and technical projects
▷ Conducted code reviews and technical sessions

Contributor — *SWOC, GSSOC, Hacktoberfest* — Remote   Nov 2024 – Feb 2025
▷ Contributed to open-source projects, resolved issues, and added new features
▷ Demonstrated strong version control skills using Git and GitHub

KEY PROJECTS

SheSync — Women's Health Platform   *React, Node.js, MongoDB, TailwindCSS*
- Menstrual cycle tracking, insights, and analytics
- User-friendly interface with reminders and predictions
- Data visualization for health decisions

IGDTUW 3D MAP — Interactive Campus Map   *React, Three.js, R3F, TailwindCSS*
- Interactive 3D campus map for IGDTUW
- Features: building markers, location search, real-time mapping

Kisan Setu — Agriculture Resource Platform   *React, Next.js, Node.js, TailwindCSS, MongoDB*
- Platform for farmers: resources, market info, expert advice
- Real-time data, dashboards, user-friendly interface
- Communication between farmers and experts

Thrive — Hackathon Collaboration Platform   *React, Next.js, TailwindCSS, TypeScript*
- Collaboration platform for hackathons
- Creative problem-solving, networking, project management

EDUCATION & ACHIEVEMENTS

B.Tech in Computer Science Engineering   2024 – 2028
G.L Bajaj Institute of Technology and Management
Grade XII (Engineering): DAV Public School, 82.4%
Grade X: DAV Public School, 86.4%
- **Hackathons:** Finalist in 10+ hackathons, Winner in HACK-IT-UP (IGDTUW) .
- **Mentorship:** Mentor/PA at SSOC, Mentor at SSSC (IGDTUW by TechNeeds)
- **Certifications:** Full-Stack Dev (100xDevs), Java (Udemy) , NFTs (Udemy), Postman API (Postman) , Git (Udemy)
- **Open Source:** Contributor in SWOC, GSSOC, Hacktoberfest
